

**PARKER COTTAGE**  
*Cape heritage at its best*

## *Directions to Parker Cottage*

*Coming from the N2  
(Airport, Garden Route, Winelands)*

Drive all the way to the end of the N2, following signs for the CTICC (Convention Centre.) You'll drive past the Centre on your left and arrive in town. The turning to the V&A Waterfront will be on your right and Table Mountain will be straight ahead. Go through eight sets of lights on the road you are on, which is called Buitengracht. At the eighth set of lights, get into the right-hand lane. At the ninth set of lights, you will see that the road turns into a single road. Rafiki's Bar is the first floor on your left. Stay in the right-hand lane, go through the lights and go back on your self back down towards the Waterfront. The second road on your left is Carstens Street. Turn in to the road. The second building on your left is Parker Cottage.
